

# Online Exam

Required for:  
ChanOps Course  
IRCops Course

# Requirements

- An IRC-client (like mIRC/Xchat/WeeChat etc.)
- Proper flags or O:Line

# Logging

- You will need to log your exam. To do this check:
- mIRC: Tools>Options>IRC>Logging
- Xchat: Settings>Preferences>Logging

# Exam

- The trainer has contacted you and set a date where you may join.
- You come to the exam fifteen minutes beforehand to make sure you're on time.
- You have re-read all resources. Coming unprepared will result in failure!
- You dedicate your time to the exam. If you fail to reply in time, you will fail your exam!

# Possible exam questions

- Trainers are allowed to choose any manual command that has been taught in the course.

# Verification

- If you've done your exam properly the trainer will send out a certification e-mail to your CC/RC and updates your profile on moodle.
